

## The Most Secure Laser “Super Check” Available Features Securatek® Copy Prevention Technology for Maximum Protection

Relyco's latest PROCHEK+PLUS™ line of blank laser check stock offers 16 security features including the newest development in check security – Securatek® Copy Prevention Technology. This feature makes the reproduction of protected documents virtually impossible on a digital color copier. In addition to its many other security features including Enhanced Toner Adhesion, Covert Fluorescent Fibers, and Solvent-Reactive Color Spotting, PROCHEK+PLUS also offers a unique pantograph making the “cut-and-paste” check altering method a thing of the past.

### Features

- Coin-reactive paper with invisible layer changes color when scratched with a coin
- The invisible layer is completely undetectable
- Special security Ink provides increased protection
- Ensures document authenticity upon receipt
- Cannot be copied or scanned
