

Turn photos into fun, informative business promotions and personal handouts with DigiPics™

DigiPics[™] is the newest product from Relyco's digital line of unique photo application laser printer substrates. It's a multi-panel item that displays photos, information, instructions... you name it!

- · Free Standing
- Two-Sided
- · Simplex Printing with Adhesive back
- 8 Photo Panels Total

Available as a single $8.5^{\circ}x14^{\circ}sheet$ with adhesive backing and pre-kiss-cut with 4 double-sided panels (for 8 panels total), DigiPicsTM are the fun, flexible and memorable solution that runs in almost any laser printer. Print it – fold it – pop it out and stand it up or fold it up and mail it!
