

“The Best Performing Envelope Designed for Inkjet & Digital Printers!”

Relyco provides the only envelopes designed for best use on inkjet and digital presses - including the new MEMJET® print engines. Available as standard #10, 6”x9” and announcement size 24# envelopes (with or without window), the new DURASEAL™ envelopes for inkjet & digital printers are constructed of the highest quality substrate and specialty coating, providing a unique and proprietary color “POP” offering exceptional and photorealistic image quality and processing. Its proprietary micro-porous coating provides fast drying and exceptional water fastness.

See the difference!

Standard Inkjet Printer Envelope
Low Image Quality

Relyco's DURASEAL Silver Envelope
High Image Quality

Relyco's DURASEAL Gold Envelope
Superior Image Quality

Features and Benefits

- Designed for best use on Inkjet & Digital Printers offering excellent black and color image quality and processing – “it really POPS!”
- Proprietary micro-porous coating provides quick drying and exceptional water fastness
- Matte coated, high resolution substrate with best price-performance ratio
- Beautiful reproduction of high-resolution graphics for photorealistic quality
- Also for use in toner-based digital printers (non-window)

DURASEAL Envelopes for Inkjet & Digital Presses

Relyco offer two quality grades of its premium DURASEAL envelopes for inkjet and digital presses. The Gold series is designed for applications that demand a superior image quality. The Silver series offers high image quality at an economical price.

Take Advantage of Full Bleed Quality!

DURASEAL™ Envelopes for inkjet and digital presses are 24# equivalent and also universally printable with all common dye and pigmented inks. The DURASEAL™ envelopes work especially well on MEMJET® printers and takes advantage of the print engine's full-bleed technology while offering its specific coating and precise construction for fast, exacting use on all MEMJET-engine based printers, including those from Afinia, Astro Machine Corporation, Colordyne Technologies LLC, Delphax Technologies Inc., Formax, iJetColor Presses, iSys, Lenovo China, LG Electronics, Lomond, Océ, OWN-X KFT, Rapid Label Systems, Super Web Digital, Trojanlabel, Xanté Corporation and others. DURASEAL Envelopes are also a perfect match when running on HP Officejet Pro X, Kirk-Rudy, Riso, W+D and many other inkjet machines.
