

Formax is a leader in the design and manufacturing of paper processing equipment.

### Features & Options

When pressure seal machines are used with printed ULTRASEAL checks, forms & self-mailers, you eliminate the need for envelopes. This enables you to reduce processing time, boost productivity and save money.

### FORMAX PRESSURE SEALERS

Pressure sealers enable you to process 10 times more pieces per hour than folder-inserters and as much as 60 times more per hour than what you can process by hand. We're talking speeds of up to 40,000 forms per hour.

We offer Formax pressure seal equipment in a range of options – from tabletop to industrial-sized units.

#### Formax FD 1506 AutoSeal

A compact, mid-volume pressure sealer with a color touchscreen for easy setup and operation. Processes up to 100 forms per minute and handles 14" documents with standard or custom folds. Ideal for checks, invoices and reports—no envelopes needed.

#### Formax FD 2036 AutoSeal

A high-volume, user-friendly pressure sealer for one-piece mailers like checks and tax forms. Features a color touchscreen, resettable counter and processes up to 11,000 forms/hour.

#### Formax FD 2056 AutoSeal

A high-speed, fully automatic tabletop pressure sealer with touchscreen controls, auto fold detection and speeds up to 16,450 forms/hour. Easy to use and highly efficient—no paper fanning or manual adjustments needed.

#### Formax FD 2096 AutoSeal

A high-volume pressure sealer with bottom-suction air-feed for continuous loading and fast processing—up to 30,000 forms/hour. Durable, easy to use, with rugged fold plates, sound-reducing covers and a resettable LED counter.
