Specifications

- Opacity: 96%
- Brightness: 95%
- Melting point: 450°+ Fahrenheit
- Solid core polyester matte white material

Features & benefits

- **PrintArmor Pro Coat™** - our proprietary toner anchoring and static reducing top coating
- **Super durable material** - perfect for frequent handling, wet surroundings or extreme conditions
- **Perforated shapes for easy removal** - just pull the finished piece from the sheet
- **Eliminate hand-cutting** - frees up your time
- **No need to purchase a custom die** - saves you money and effort
- **Free design templates** - allows you to customize and create your own pieces
- **Brightest white & most opaque paper** - printed images will pop and text is crisp, no show-through
- **Deluxe coating** - for superior printability and static resistance
- **Long-lasting solution** - more affordable, faster and more durable than laminated materials
- **Washable** - run it under water, wipe it down with a wet cloth or use a mild cleanser
- **Recyclable** - classified as a #1 plastic
Can be recycled as a plastic, not as a paper. Check with your local recycling services for your options.
- **Laser printer compatible** - tested to run on all brand name laser printers
Also compatible with offset and flexo printers. Inkjet and HP Indigo compatible REVLAR is available upon request.
