

3567 Aurolux™ Backlit Film 9 mil Gloss

PRODUCT DESCRIPTION

3567 Aurolux™ Backlit Film is a 9 mil glossy backlit film compatible with Eco-solvent and Latex print platforms. Aurolux’s polyester base is dimensionally stable and tear resistant which makes it easy to install, impervious to strong changes in temperature, and suitable for use in indoor or outdoor lightbox displays. Aurolux™ produces bright and crisp images which can be used in displays with either lights on or off.
