4571
Double Matte CAD Inkjet Film Matte 4 mil

PRODUCT DESCRIPTION

4571 Double Matte 4 mil Film is ideal for printing CAD graphics on inkjet printers. The resilient coating reproduces colors vividly and is perfect for making full color CAD prints on the HP PageWide XL printers. The image layer can be erased using a pencil eraser for "on the field" changes.

ADVANTAGES

• Fine Line Resolution for Crisp, Clear Plots

• Works with both Monochrome and Color Plotters

• Unique Coating Design Allows Lines to be Erased and Redrawn in pencil for Field Changes

TECHNOLOGIES

(AQ) Aqueous

(PW) PageWide

APPLICATIONS

• CAD/CAM Architectural, Electrical, and Civil Engineering Applications

PHYSICAL PROPERTIES
